N.A.S.C. PRESIDENT'S MESSAGE

As I write this, my last message as your President, all the votes for new officers have been cast. Bill Grant has been elected President, and Jerry Yahalom will move into the Vice-Presidency.

This is the first election of officers conducted under the new by-laws approved by the Association's club membership last May. So what transpired?

Basically, NASC's member club representatives elected a slate of officers recommended by the Nominating Committee at our 29 August Board Meeting. This means that we will not be mailing out ballots to the membership. This cost-cutting measure was recommended by our Legal Advisor, James Waldorf, because less that twenty percent of the ballots have been returned since 1985.

The NASC Constitution gives a President a term of roughly 730 days. To judge him on the basis of the first 365 is arbitrary, yet understandable -- throughout NASC history, the character of a Presidency has often been shaped by the promised changes and goals set in the first 90 days.

I had promised my administration would be eventful and not dull... which it has. I promised changes, changes designed to return NASC to "premier status" in Southern California numismatics, while building a secure financial base for the Association's future.

Results: The Sustaining Membership Drive netted the Association over $3,000. The NASC Auction Sale, conducted by Michael Aron (a now yearly feature) was an overwhelming joint venture success. The member club gold Benefit Drawing has gone from a $1,100 loss in 1991 to nearly "break-even" in 1993. Our Budget and Finance Committee has worked hard to decrease The Quarterly production costs, while increasing advertising revenues. They have also updated the membership mailing lists, an action which has cut publication mail returns to almost nil.

To put this into perspective, my economic plan -- a baianced budget -- has turned the NASC around financially. We are now operating, for the first time in many years, in the BLACK -- with revenues to boot! I am

(continued on p.2)

indebted to every member of the present board. My heartfelt thanks for their time and devotion to the cause of the NASC!

What other goals have been accomplished? Well, we have joined forces with Long Beach Expo officials to promote junior activities during their conventions. Our junior "Treasure Hunt and Bourse Table" has planted many seeds. Some have already sprouted into NASC and ANA membership.

The Quarterly advertising income, thanks to the diligent efforts of Mary Yahalom have tripled.

The White House medal design struck for the 1993 convention is almost sold out! Only one silver medal remains.

And Educational event fund has been established, with our first numismatic forum scheduled for the June 1994 Long Beach Expo. Thank you Nona Moore, Jerry Yahalom, and Camiel Ostromecki for donating the gold pieces to the raffle which established this program.

Association membership has gone from 600 to over 660 in the past two years. Our visibility and participation at many local shows has increased ten-fold. Our banner has been returned to premier status according to editorials in Coin World and Numismatic News.

Our Quarterly, thanks to the editorial genius of Jeff Oxman, has risen to new heights. His three-year tenure has netted us several publication awards. Jeff, thanks doesn't convey the deep appreciation I feel in my heart for your efforts, but it is all I can think of.

The completion of my term of office does not mean I am quitting the Association. By virtue of my title as Immediate Past President, I will play an active part in formulating NASC's future numismatic policy.

I also look forward to the hobby's next challenge. I have accepted the task as ANA Region-8 Coordinator, filling the vacancy created by Helen Carmody's election to their board. My goal here is to see that the NASC plays an active and prominent role in the 1995 Anaheim Convention.

In closing, let me say that, generally, my tenure has been enjoyable. I want to thank ALL, and I mean ALL, the NASC membership for their support, suggestions, criticisms, and guidance during the past two years -- with special kudos to my good friend and mentor, Murray Singer.

EDITORAL COMMITTEE

The pivotal question before us is this: Who is going to step forward and volunteer to be the next Editor of the NASC Quarterly? The impact of not having an Editor is tremendous. Want a case in point? Look at the abbreviated issue of The Quarterly you have in your hands.

And besides the lack of quality and aesthetics, NASC by-laws require the publishing of specific information relating to such things as club elections, etc. In October, President Walt Ostromecki made clear that every member of the NASC must be supplied with the details about this year's election of officers. But without an editor, how can this be done?

In addition, The Quarterly is our primary means of communicating with each other.

All would agree that it is imperative that the NASC membership be informed as to the important upcoming events, such as the NASC Awards Dinner and the Golden State Show. But how? Even a moment's reflection makes it clear that the NASC simply cannot function without a regular publication.

And so, someone who believes in the future of the NASC must now step forward. There will be an abundance of help for this person, and the procedures for putting together The Quarterly have been simplified and streamlined. The task is "do-able." Like the battle-cry echoed by Robin Williams in the movie, "Dead Poet's Society," be exhorted to Carpe Diem! That is... It's time for someone to Seize the Day!

President Message:
(Continued from P. 2)

Best wishes to the new officers who will be taking over the reigns in 1994. Hope to see any of you at the 30 January 1994 Installation and Dinner at Geo Petrel i's Steak House, 5614 Sepulveda Blvd., Culver City.

ELECTION COMMITTEE REPORT

At the NASC Board Meeting on August 29, 1993 (held at Culver City Veterans Memorial Auditorium) Election Committee spokesman, Steve Albanese, reported that no additional nominations had been received by the deadline of August 29th. Mary Yahalom moved to close nominations, and was seconded from the floor. The slate of officers put forward by the Nominations Committee was presented. Each office was then opened for nominations from the floor. None was made, so Jerry Yahalom moved that a white ballot be cast. Notice is to be made in The Quarterly that the slate was unopposed and as a consequence, no ballots will be sent to the NASC membership.

HOW MANY ARE THERE, ANYWAY?

The Actual Accounting of the Known and Suspected 1943 Bronze Lincoln Cents"

By Dr. Sol Taylor

Several numismatic authors ranging from Walter Breen to John J. Ford have written about the famous and valuable 1943 bronze cents. The estimates of genuine specimens from "a dozen" to "twenty or more". In 1992 The Society of Lincoln Cent Collectors, with the aid of Steve Benson, compiled all the know public and auction sales of the genuine 1943 bronze cents. The figures listed here come from a study of auction catalogues, ANACS files (apparently ANACS is the only certification service to certify genuine 1943 bronze cents), news stories, and other leads such as corres pondence between dealers.

he complete list also shows some interesting facts. First, reports of genuine 1943-D bronze cents have never been subtantiated. No known 1943-D bronze cent has ever been certified, offered at auction, or sold in a public sale. Thus, to present, this is a coin that probably never existed.
Secondly, the last known bronze cent "find" was reported in the numismatic press in 1960. No "new" find has been reported since then. A 1962 newspaper article published the finding of an off-center 1943 bronze cent by a woman in Knoxville, Tennessee. This piece has not been certified nor sold at public sale. It was reported in a magazine called THE AMERICAN STANDARD OF NUMISMATICS. A photo-graph of the coin appears in the The Standard Guide to the Lincoln Cent, page 127. Another reported find appeared in the Whittier DAILY NEWS (California) of a Pico Rivera druggist who found a 1943-S bronze cent in his cash drawer one day in 1963. The piece was attributed by collector Mort Goodman. But it has not been certified nor sold at public sale. Recently, this author located the man and he still owns the coin.

The total number certified by ANACS is 10. Seven are 1943-P and three are 1943-S. They are listed below. In addi-tion, four others that have not been certified have been sold.

Date	Sale	Description	Seller	Price
1960	Private sale	1943-P VG8	Caro Martin	$10,000
1973	Private sale	1943-S XF45	Jan Bronson	$ 9,000
1974	Superior Auc.	1943-S AU50	Charles Ruby	$12,000
1982	Private sale	1943-P F-12	Dave Berg	$ 8,000

ANACS #	Date	Grade
E87217	1943-P	AU50/50
B2314	1943-P	AU58/58
B5199	1943-P	XF40/40
EB5960	1943-P	AU50/50 Polished
FA9644	1943-P	XF45/45
FD0251	1943-P	XF45/45
GH3356	1943-P	No Grade Assigned
EC9117	1943-S	XF40/40
SA1436	1943-S	XF40/40
SB4685	1943-S	XF45/45

As evidence that this was not a clandestine issue (made by Mint workers or officials for profit) is the fact that no uncirculated specimens have surfaced. Also, none was discovered until several years after the issue -- the first being located in change by a school boy in Pennsylvania in 1947. The details of the first proven genuine bronze 1943 cent is set forth in an article by Walter Breen in the ENCYCLOPEDIA OF U.S. COINS. It also appears in the STANDARD GUIDE TO THE LINCOLN CENT on page 128.

Another specimen discovered in 1948 is documented in an article by Abe Kosoff when the coin was presented to him by the finder for auction. After considerable fuss and tests, Kosoff agreed to put the coin in his 1958 ANA auction and it drew several mail bids in the "five figure range". At the last moment, the owner's father (the owner was a boy of 16), withdrew the coin despite Kosoff's strong objections and sold it privately for a reputed $40,000.

If the two pieces not yet certified or verified prove to be genuine, then the total known population of 1943 bronze cents would be:

1943-P -- 10
1943-S -- 6
1943-D -- 0

DEADLINE: Copy must be in the Editor's hand by the 5th of the month preceding the month of issue.

(Continued from P.11)

Considering that no others have been found in over thirty years, chances are this number is the total number of these rarities (less possibly two), which makes them equally rare as the much more valued 1804 silver dollar of which 15 are known. This definitive answer is the number which has been guessed at and written about, but until now not specifically listed, piece-by-piece.

Editor's Note: Dr. Sol Taylor, a collector since 1937, is the author of THE STANDARD GUIDE TO THE LINCOLN CENT. Dr. Taylor is also a past President of the N.A.S.C. (1975-1976) and is a retired Professor of Education.

WHY JOIN THE NUMISMATIC ASSOCIATION OF SOUTHERN CALIFORNIA?

Organized in 1954, the Numismatic Association of Southern California is a non-profit organization dedicated to the education and welfare of scholars and collectors of coins and other numismatic materials. It serves the Southern California collecting fraternity and its 58 member clubs. Membership is open to all, even those who reside outside its geographical region.

The Magazine, ***The N.A.S.C. Quarterly,*** is published four times a year and distributed to members free of charge. News of the Association, including convention coverage; educational articles; coin trends; junior activities; member club reports and numismatic events; and dealer advertisements are included in the magazine.

At the yearly January Convention, the Association holds a member club benefit gold drawing and presents a number of numismatic awards: Karl M. Brainard Memorial Literary Award for the most outstanding article published in the Quarterly; The President's Trophy for the best member club monthly newsletter; The Richard P. Goodson Award for the individual(s) who have best contributed to numismatics through the N.A.S.C.; and the Maurice M. Gould Junior Achievement Award to the Association's outstanding young numismatist.

The Association holds an annual Convention in the Los Angeles area, which is open to the public, issues a commemorative show theme medal, hosts many outstanding educational forums featuring some of the finest nationally known speakers, features a large dealer bourse from all over the United States and outstanding competitive exhibits. Collectors who display materials in several categories vie for the coveted Abe Kosoff Memorial Best-In-Show Award. Juniors compete for the Junior Best-In-Show sponsored by Galaxie Designs.

In addition to the yearly Convention, the Association sponsors a numismatic workshop for both collectors and non-collectors.

Officers and members are available on the Association's Speaker's List to present educational programs in many fields, or member clubs may use slide programs held by their Visual Education Chairman.

Attached is an application for membership in the Numismatic Association of Southern California. Regular dues are $10.00 a year for individuals and clubs. Why not join us, today!
